SPITFIRE⁴™

TAG & LABEL PRINTER

[Accuform Signs GLM402 Spitfire 4 Tag & Label Printer](#)

VERSATILE, MOBILE & FAST

The Spitfire[™] **No PC Required** Printing Solution

PRINT LABELS AND TAGS INCLUDING 5S, GHS, PIPE MARKERS & MORE.
netzerotools.com

DEMAND MORE

Expect more

Spitfire™ is an all-in-one PC-free printer. This means you can print a variety of tags and labels for different projects all from one printer without having to worry about connecting the Spitfire™ to a computer, or having to download any unnecessary software. Expect more because the Spitfire™ does more than your everyday do-it-yourself printing solution.

Spitfire™...

- Prints Labels, Tags, GHS, 5S, Pipe Markers and More.
- Is highly mobile – take it where you need it.
- Does not require connection to a PC!
- Does not require any software downloads.
- Always delivers!

All-In-One

Print safety labels for a multitude of purposes – arc flash, first aid, machine specific labels and much more. Spitfire™ delivers.

The Spitfire Name

Spitfire™ conjures up images of a classic sports car, one that's quick, fast and sporty. Or perhaps it reminds you of a revered World War II fighter plane; the workhorse of the European theater. The Spitfire™ name borrows from the legacy that made those two icons true winners.

EVERYTHING ABOUT SPITFIRE™ IS FAST

Speed equals cost-savings & lean improvements

Spitfire™ is one of the lightest and most durable all-in-one printers in its class. Designed for rugged, continuous use and geared for mobile in-the-field or on-the-production-floor use. Spitfire™ printers are fast, with the fastest time to print available. The speed of Spitfire™ helps reduce operational costs associated with creation and printing of your labels, benefiting your overall lean program.

No.	Price / Each
GLM402	\$1,499.50

Speed

While the Spitfire™ printer can't reach the record speed of 440 mph set by its namesake aircraft in 1952, it's still fast in the printer world – reaching a top variable speed of up to 7" per second. That's fast!

Get Started Fast

Getting started is easy! Spitfire™ does not require any software download or PC connections – it's as close to plug-and-print as you can get. Simply load your tapes and ink, plug in your printer – or use the battery for remote needs – and go!

VERSATILE

Have a need? Spitfire™ offers a solution

Spitfire™ appeals to a wide-variety of identification needs throughout and around your facility. From equipment labels to 5S and GHS, all the way to safety tags and magnetic labels, Spitfire™ delivers.

- All-in-One Printer – Labels, tags and more
- Print what you need, where you need it

Safety Labels

Print safety labels for a multitude of purposes – arc flash, first aid, machine specific labels and much more. Spitfire™ delivers!

GHS & Haz-Com

The need for Globally Harmonized System labels will only increase as the GHS timeline moves forward. Deploy a printer that meets the GHS demands of tomorrow... today. Spitfire™ delivers!

Tags

Spitfire™ is the ideal solution for printing tags in your facility. Need a few tags? Need a hundred? Spitfire™ delivers!

Pipe Markers

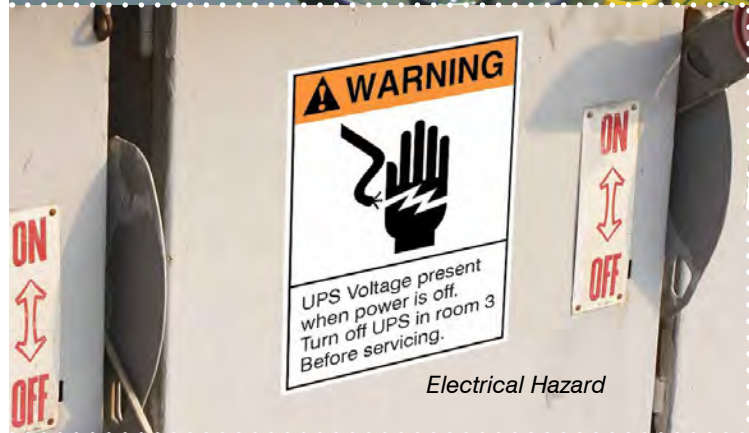

Many pipe marking projects truly require a manufactured solution; however an ongoing need may exist when additional pipe markers are needed. Spitfire™ delivers!

Equipment Safety Labels

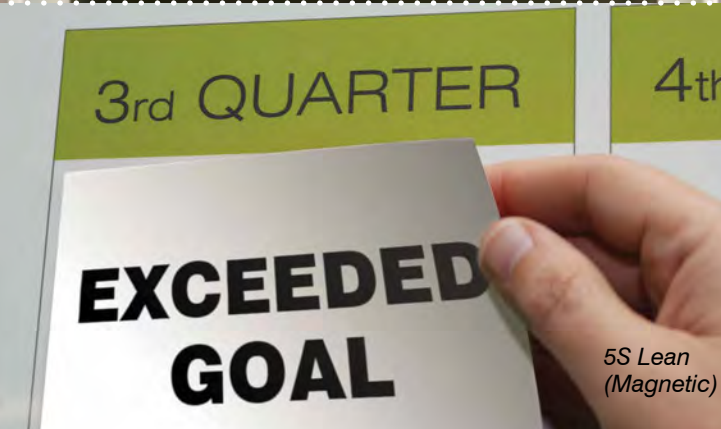

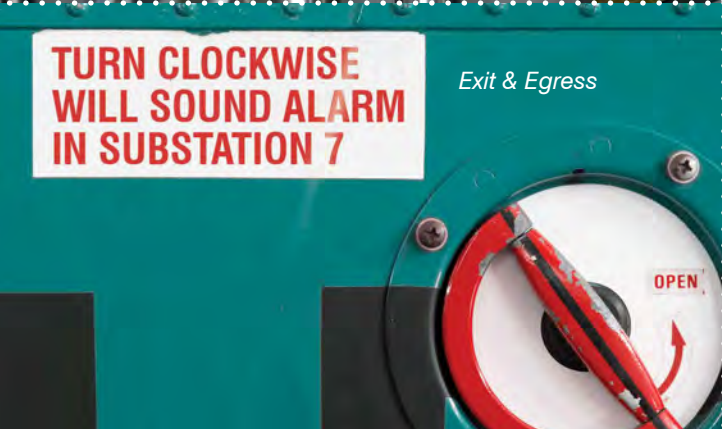

First Aid Awareness

Electrical Hazard

Reflective Hard Hat Labels

QUALITY - UNMATCHED

Spitfire™ delivers professional, industrial quality

Spitfire™ can print professional, industrial-style tags and labels when and where you need them. This all-in-one PC-free printer provides an ideal solution to printing 5S, pipe markers, facility, and other labels and tags in-house! Spitfire™ labels and tags are perfect for use in any environment – for the front office or the toughest industrial environment.

No.	Price / Each
GLM402	\$1,499.50

Quantity without a Sacrifice in Quality

A well-maintained Spitfire™ can produce more than 5,000 2" x 12"

pipe markers on an average day without sacrificing quality!

Professional quality, unmatched.

FEATURING EZ-PEEL™ LABELS

Have you ever struggled to peel the backing off of a label? Most label media does not have "leading edges" - which means the label runs all the way to the edge, making it difficult to peel. But the Spitfire™ vinyl media features the EZ-Peel™ design which allows you to grip the edge and easily separate your label from its backing.

STANDARDIZE YOUR FACILITY

From front gate to back dock

Standardizing your facility identification with a consistent look and feel can help to improve both safety and efficiency. Too many signs, tags and labels that are different in appearance can slow a reader's time to comprehend, compromising two key benefits that should be central to your program. With Spitfire™ as a key piece of your facility identification efforts you can standardize your facility from front gate to back dock.

- What you need, when you need it
- A look and feel that matches your other Accuform signs
- OSHA and ANSI compliant
- A key tool for any 5S program

OSHA/ANSI Headers

Spitfire™ can produce labels with OSHA and ANSI compliant headers. These headers match Accuform's full offering of stock and custom signs, tags and labels; key to standardization.

Consistent Colors and Fonts

Bright, vibrant and bold; Spitfire™ prints tags and labels with colors and fonts that will prove eye-catching.

5S Solutions for the Workforce

Spitfire™ complements your 5S program perfectly. Use Spitfire™ to add custom elements to your KPI *Site-Boards™, *Store-Board™ shadow-boards and much more.

**Learn more, request our 5S Solutions Catalog*

Print remotely. Printer shown with available battery pack and portable, protective carry case

LABELS, INKS, & MORE

Fast, easy, flexible!

With Spitfire™ you can print 1" – 4" labels and tags from a wide variety of blank and pre-printed media. Our media solutions offer compelling cost-saving opportunities without having to compromise on the quality you expect.

Media solutions include:

- Standard Indoor and Outdoor Vinyl
- Reflective Vinyl and Glow-in-the-Dark
- Magnetic
- GHS/RTK & Header Labels
- Various Colors of Inks

Warranty	Up to 1-Year from Date of Purchase (view specifics at spitfireprinters.com)
Qty/UOM	1/Each

RENTAL PROGRAM

GREAT FOR
SHORT-TERM
PROJECTS

Get a long-term solution... with a short-term rental!*

Oftentimes it may be more beneficial to rent a Spitfire™ Printer. Like the need for a gas detector or fall protection – the need for a printer can be short-term. Spitfire™ Printers are available to rent – providing the perfect alternative to investing in a printer that may only be used for several weeks. Just let us know when, and for how long, you need a Spitfire™ Printer, and when your project is complete ship it back to us. We make the rental process hassle-free, convenient, and **beneficial to your budget**.

- **SAVE THROUGH RENTALS**
- **WEEK-TO-WEEK RENTAL FLEXIBILITY**
- **PRODUCT SUPPORT**
- **UNLIMITED USAGE ^**

No.	Each / Week
GLM595	\$80.00

*1-Week Minimum Rental ^ You are responsible for purchasing printer media

RENTING VS. BUYING

To determine if you should rent or buy a Spitfire™, determine your short-term and long-term printing needs. If you expect to have multiple ongoing labeling needs where one-off prints will be the norm, buying may be best. If you are looking at completing a short project – for instance, marking pipes around your facility, a rental may just do the trick! Up-front planning can help save long-term costs.

Unsure of the best route? Give us an overview of your potential needs and we will provide our recommended approach.

CREATE YOUR OWN:

- Barcode, Symbol & Asset Labels
- Content & Container Labels
- Direction, Instruction, & Permit Labels
- Electrical Hazard, Arc Flash, & Voltage Marker Labels
- Emergency & First Aid Labels
- Equipment & Machinery Labels
- Facility, Warehouse & Aisle Marking Labels
- Hazardous Communication & Waste Labels
