Portable Pressurized and On-Site Eyewashes

On-Site Heater Jacket Retrofit Kit

☐ **S19-921HR (pedestal not included)**

- Protects against freezing down to -20°F (-29°C)
- Insulated heater jacket conceals a 121-watt heater
- Secondary thermostat prevents overheating if primary thermostat fails
- All UL-listed components; requires 120-volt AC

On-Site Waste Cart

☐ **S19-399**

- High-visibility yellow
- Captures used fluid; 56-gallon capacity
- Tapered sump, easy to drain

Heater Jacket Retrofit Kits for Portable Pressurized Eyewash Tanks

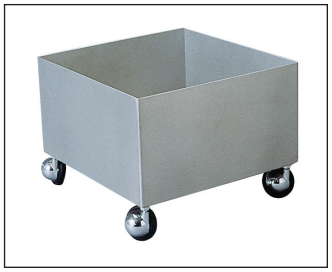
Thermostatically controls water in weather conditions down to -10°F (-23°C); uses standard 120 VAC. Tanks not included

☐ **S19-671HR (shown at right)**
Heater jacket retrofit kit for 5-gallon tank

☐ **S19-690HR (shown at left)**
Heater jacket retrofit kit for 10-gallon tank

☐ **S19-788HR (shown at center)**
Heater jacket retrofit kit for 15-gallon tank

Transport Cart for Pressurized Eyewash Tanks



☐ **S19-690A**
Four-wheel stainless steel transport cart. For use with eyewash tanks without heater jackets (eyewash tanks not included)

Drench Hose Spray Kits

☐ **S19-430EH**
Drench hose spray kit with valve, drench hose sprayhead, hose, inspection tag and hardware. For use with eyewashes; provides a body water drench

☐ **S19-430SH**
Drench hose spray kit with valve, drench hose sprayhead, hose, inspection tag and hardware. For use with drench showers; provides a body water drench

Flow Switch Alarm Systems

- Automatic, audible and visual alarm system
- Activates when unit is in use; preassembled
- Basic alarm meets NEMA 3 code (waterproof)
- Requires minimum of 2 GPM water flow to activate
- 1¼" NPT inlet piping

Standard Alarms for Drench Showers or Combination Units

☐ **S19-320**
Shower/combination alarm with 6' cord (120 volt)

☐ **S19-320B**
Shower/combination alarm with 6' cord and 120/24V AC transformer

☐ **S19-320C**
Shower/combination alarm with 12' cord (120 volt)

☐ **S19-320E**
Shower/combination alarm with 12' cord and 120/24V AC transformer

Explosion-Proof Class 1 Division 1 Alarm Systems

☐ **S19-320EXP1A**
Shower/combination alarm (120 volt) rated Class 1; Division 1; Groups C and D explosion proof

☐ **S19-320EXP1B**
Shower/combination alarm (220 volt) rated Class 1; Division 1; Groups C and D explosion proof

Explosion-Proof Class 1 Division 2 Alarm Systems

☐ **S19-320EXP120**
Shower/combination alarm (120 volt) rated Class 1; Division 2; Groups B, C, and D explosion proof

☐ **S19-320EXP220**
Shower/combination alarm (220 volt) rated Class 1; Division 2; Groups B, C, and D explosion proof

Alarms for Eye or Eye/Face Washes

☐ **S19-320A**
½" NPT with 6' cord

☐ **S19-320D**
½" NPT with 12' cord
